\*Starting position is figured based on the original draw - we do NOT recalculate once the cars hit the track

\*Driver that earns points FIRST wins a TIE | \*If you scratch (DNS), you receive ZERO (0.0) Points

\*If you 1) Elect to start on the rear or 2) Miss the Draw, you will only receive Finish Position Points (DIAGONAL)

\*If you know you want to start in the rear (rookie, car isn't running right), don't draw! Please ask to start the rear!

### **ADDITIONAL RACE PROCEDURES**

#### **A-Main Work Area & Courtesy Laps**

\*A-Main Work Area opens once the first car is pushed off for the A-Main

\*Two (2) courtesy laps are given one (1) time per caution period once the lineup is set for any car(s) in the Work Area

\*Courtesy laps are only awarded after the event's Initial Green Flag

#### **Provisional Starters**

\*Generally, no Provisional Starters are allowed

\*Track must approve at Driver's Meeting

\*If Provisionals are used, there must be two (2)

\*21st is highest car in current MOWA Points

\*22nd is track option

\*This also applies to a short field if a B-Main is cancelled

#### **35-Minute Fuel Stop Rule**

\*Clock starts once last car is pushed from Staging

\*Clock stops when no cars are running under Red

\*If race is stopped after 35-minutes, Fuel Stop Flag is displayed

\*Two (2) Minute Clock for fuel starts when all crews are at car

\*Once Two (2) Minute Clock expires, crews still working at push off are deemed to be in A-Main Work Area and restart at the tail

#### **8-Minute Warning Horn**

\*Event is broken into thirds - Heats, Dash/B-Main, A-Main

\*Cars not ready to push from staging start at the tail

#### **Scoring**

\*All cars must complete first lap to have single-file restart

\*75% of field must cross start/finish to complete a lap

#### **A-Main Alternates**

\*If one (1) B-Main, first B-Main NQ

\*2 B-Mains, highest in MOWA Points of each B-Main first NQ

#### **Single-file Restarts - through Restart Cone**

\*Nose-to-tail through Cone - breaking plane of back bumper = jump

\*Two (2) jumps in any one (1) event is a disqualification

### **Caution Rules**

\*All lapped cars stay in the restart order until there are five (5) laps or less remaining

\*Once a car fires its engine after an assist from a safety vehicle, it is considered ready for competition in that event

\*Any car that requires an "ADDITIONAL PUSH" after the original "one-to-go" signal will restart at the rear

\*Two (2) Pushes after the INITIAL PUSH = disqualification

\*A competitor may be directed over the one-way radio to stop at the nearest MOWA Official for examination of a safety-related issue and restart without penalty - only the Race Director can initiate this
